

AMBER MOFFETT

moffett.amber@gmail.com | www.linkedin.com/in/amber-moffett

SUMMARY OF QUALIFICATIONS

- **Research and Analysis Skills:** Extensive experience leading and contributing to research on governance, human rights, gender, conflict, and democratic resistance; Produced policy reports, strategic assessments, and research used by humanitarian actors, civil society, and international partners. Strong experience translating findings into actionable strategies.
- **Policy Analysis and Strategic Insights:** Design, conduct, and synthesize evidence to inform policy and program decisions; produce actionable recommendations for humanitarian actors, civil society, and international partners; analyze stakeholder interests, power dynamics, and institutional constraints to guide strategy in complex political environments.
- **Project Leadership in Conflict Contexts:** Directed and managed government-funded research portfolios and coordinated international and local teams under high-risk and rapidly evolving conditions.
- **Stakeholder and Partnership Engagement:** Built and maintained relationships with civil society, international NGOs, donors, and private sector partners; Regularly engaged in presenting findings to clients, policymakers, and practitioners.

SELECTED PROFESSIONAL EXPERIENCE

MONASH GLOBAL PEACE AND SECURITY RESEARCH HUB

August 2026-Present

Project Coordinator

Melbourne, Australia

- Coordinate the hub's communications strategy, including producing and distributing a regular newsletter and managing website content for the research hub.
- Identify funding opportunities aligned with hub priorities to support ongoing grant and proposal development.
- Plan and coordinate the hub's annual research meeting, managing logistics, agenda development, and participant coordination.

WORLD BANK GROUP, Global Shield Financing Facility (GSFF)

July 2025-Present

Consultant: Senior Gender Specialist

Remote

- Provide strategic and operational gender advisory support, integrating gender-sensitive approaches across disaster risk finance and insurance (DRFI) initiatives in fragile and climate-vulnerable contexts.
- Review GSFF-funded project proposals from a gender perspective, advising Task Teams on practical entry points to strengthen gender integration in design, implementation and monitoring frameworks.
- Contribute to Secretariat-level administration, reporting and knowledge management products (including donor briefings, annual reporting and MEL processes) to ensure gender considerations are incorporated.
- Contribute to the global evidence base on gender, fragility, climate and disaster risk finance, including drafting analytical notes and donor-facing briefs on the FCV-gender-climate nexus.

CADMUS GROUP

Feb 2024-July 2025

Director of Research

Bangkok, Thailand

- Led the research portfolio of a US-funded program in Myanmar, overseeing brief monthly analyses and other periodic substantial pieces on conflict, governance, humanitarian response, and democratic resistance.
- Collaboratively developed grant opportunities with local organizations, ensuring funded research would align with project objectives, contribute to actionable insights, and strengthen local analytical capacity.
- Supported client management through regular client meetings and arranging ad hoc client presentations.
- Identified both individuals and firms and developed relationships into full partnerships in the form of consultancies, subcontracts, and grants.
- Supervised and mentored a research team and consultants, providing methodological and substantive oversight while fostering professional and skill development.

AMERICAN INSTITUTES FOR RESEARCH (AIR)**Dec 2017-Feb 2024**

Previously Kimetrica, acquired by AIR in 2020

Senior Researcher (Promoted Apr 2023); Research Analyst and Gender Specialist (promoted Aug 2019)

- Led the USAID-funded Myanmar Analytical Activity (MAA), overseeing a \$3.4 million portfolio that produced 300+ research deliverables on governance, economic development, ethnic and women's rights, and civil society over five years.
- Collaboratively shaped project strategic direction and implementation, ensuring research products were methodologically rigorous, timely, and aligned with USAID priorities.
- Networked with local Myanmar organizations to identify prospective partners conducting work that aligned with project and USAID priorities.
- Presented findings to clients and implementers, influencing programmatic decisions and high-level strategy.
- Managed an international team of staff and subcontractors, providing technical oversight, review of research products, and mentoring to ensure high-quality outputs under tight deadlines.
- Oversaw rapid-turnaround research (2–6 weeks), ensuring continuous delivery of evidence to inform humanitarian and governance interventions.
- Contributed to broader conflict- and gender-focused program management, including scoping opportunities, developing partnerships, and supporting proposal development for USAID bids.

HUMAN TRAFFICKING CENTER**Oct 2015-June 2017**

Graduate Associate Director (promoted May 2016); Research Assistant

- Conducted research to use in writing compelling, evidence-based fact sheets, blog posts, briefs, and papers published by the Center to inform the public and relevant organizations and stakeholders.
- Analyzed US Trafficking In Persons reports for 154 different variables and entered collected data into the Human Trafficking Index spreadsheet with an error rate under 2 percent.

INTERNATIONAL ORGANIZATION FOR MIGRATION (IOM)**Jun 2016-Aug 2017**

International Development Fund Intern

- Designed and conducted an evaluation of climate migration projects examining their impact and sustainability. Collected and analyzed data from completed projects to draft a report used by both the Development Fund and field missions for future project proposal development.
- Reviewed over 20 project proposals, working in partnership with project management to further develop projects and ensure both sustainability and proper gender mainstreaming.
- Coordinated with field staff based around the world to edit interim and final project reports to ensure clarity and readability.
